

INTERNATIONAL EVENT AS HIGHLIGHT OF THE RESEARCH AND ROBOTICS TOURNAMENT *FIRST®* LEGO® LEAGUE

From May 16–19, 2018, the world's best *FIRST®* LEGO® League teams meet and compete at the *FIRST®* LEGO® League Open Invitational Central Europe (#fllopen2018) in Debrecen, Hungary.

Germany, Leipzig, May 2018. The *FIRST®* LEGO® League Open Invitational Central Europe is the highlight of the HYDRO DYNAMICSSM Season. Within the last months, more than 32.000 teams from 88 countries participated in *FIRST®* LEGO® League and explored the location, use, storage and movement of water.

At the *FIRST®* LEGO® League Open Invitational, 68 of the world's best teams will present their proven robots and innovative research projects in Debrecen, Hungary. Additionally, the kids and teens will also show how they work together in the sense of the Core Values®. Each team qualified several times to get a ticket to this international event.

The participating teams come from 40 different countries. In Debrecen, they will not only present their best solutions and will exchange experiences with other teams; they will also present their countries and celebrate their cultures in a friendly and sporty atmosphere.

The children and young adults have built, tested and programmed an autonomous robot based on LEGO® Mindstorms, which has to solve certain tasks on a special playing field. In addition, the students have worked on a self-chosen research question which is related to the seasonal topic.

FIRST® LEGO® League is an educational program to foster youth in STEM, to connect young people at an early stage to current, globally relevant topics and to support the youth in gaining key qualifications of the 21st century.

All interested are very welcome to join the event at Főnix Hall, Kassai út 28, 4028 Debrecen, Hungary.

Press represents are asked to show a proof of the status as a reporting journalist on location.
